MEC-GAR®

Tradition & Innovation

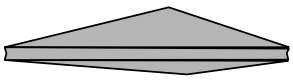

Since our beginning in 1965, our sole focus has been designing and fabricating the world's finest firearm magazines.

A combination of family pride, hard work, and state-of-the-art manufacturing has led to us becoming the preferred OEM supplier to firearm manufacturers. Because we use the same materials in our aftermarket magazines, we've become the top choice of demanding shooters across the world.

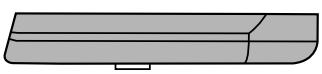

PERFECTION IN 6 POINTS:

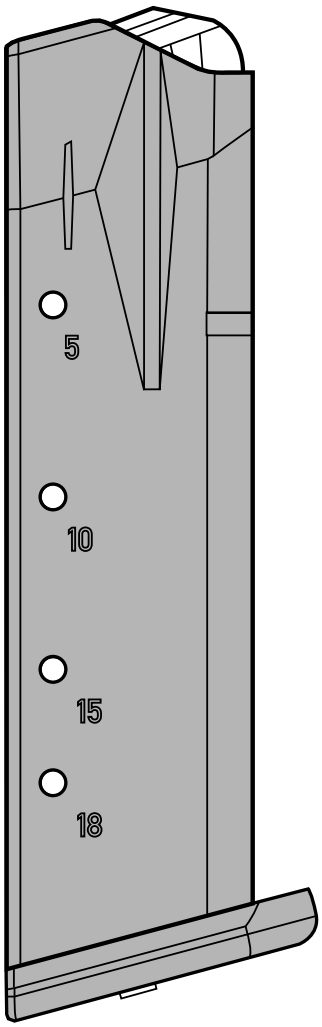

Follower manufactured from high impact self lubricating polymer or heat treated steel

Precision formed and shaped feeding ribs to guide each round of ammo from the bottom up without jamming or slowing down

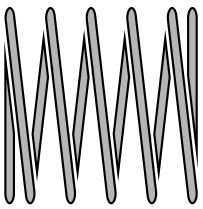

Mec-Gar IFS Basepads are made from hi-quality materials to ensure maximum reliability

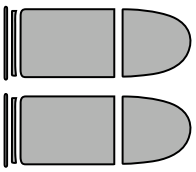

Strengthened feed lips for accurate chambering

Long lasting magazine spring for extreme reliability

More rounds in your magazine and still flush fit

QUALITY OVERVIEW

- Inspired to think quality
- ISO 9001/2015 certified quality system
- State-of-the-art CMM multi-sensor equipment
- First article inspection and SPC (statistical Process Control)
- Traceability & records on file

SUSTAINABILITY

- Creating shared social responsive values
- Education and care of the environment
- Efficient use of resources (renewable energy and recycling)
- Economy and policy mission driven to the community benefits
- Innovative towards the future

GLOBAL PLAYER

- Two modern facilities with more than 75,000 square feet in Italy
- One storage, distribution and service with 7,000 square feet in Usa
- Serving customers in more than 90 countries

PRODUCT QUALITY

- Passion for superior quality magazines
- Excellent fit and function
- Long-life performance
- Exceeds standard industry requirements

CUSTOMERS

- World' leading firearms manufacturers
- Law enforcement, military and governments
- Distributors & retailers
- Sport and target shooters
- Individuals

ROBOTIC TECHNOLOGY

- Thirty plus robotic machines and manufacturing execution systems improve quality
- Improved productivity
- Shorter lead-time for manufacturing

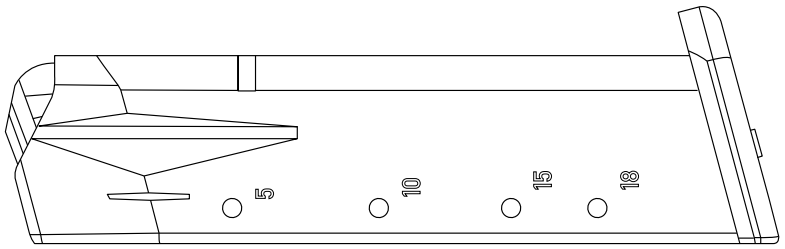

COMPANY OVERVIEW

- 100% Privately owned company, strong leadership & quality people
- 55 years of innovation with firearm magazines
- 100% focused on engineering and manufacturing firearm magazines
- One-stop shopping center for technical design, prototypes, in house state-of-the-art CAD-CAM tool shop, stamping and welding facility, heat treatment, finishing, assemblies and fulfillments

MEG LOADER

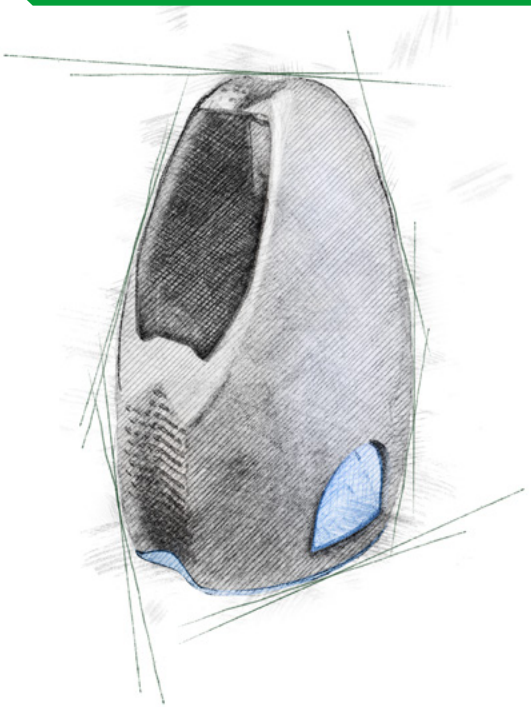

UNIVERSAL MAGAZINE LOADER

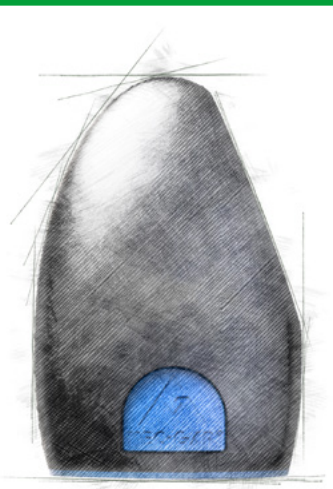

Universal magazine loader for single / double stack pistol magazines from 9MM to .45ACP.

Load your magazines quickly and easily
Includes small, medium and large inserts
Also includes .22LR green insert for selected magazines*
* (only works with Ruger MK series mags and Browning Buck Mark)

PROUDLY DESIGNED & MADE IN ITALY
PATENT N. US 2018/0321004 A1

UNIVERSAL IFS MEG-LOADER
MG-LOAD BLACK

PATENT N. US 2018/0321004 A1

SMALL

MEDIUM

LARGE

.22 LR
**ONLY WORKS WITH RUGER MK SERIES MAGS AND BROWNING BUCK MARK*

4 ADAPTERS INCLUDED

1. Insert the right adapter for your magazine

HOW TO USE:

THE UNIVERSAL MEG-LOADER FITS ALL THE MAGAZINES THANKS TO THE 4 DIFFERENT INSERTS INCLUDED.

1. Choose and insert the right adapter according to your magazine:

WHITE: small size fits single stack mags (1911 mags).
BLUE: medium size fits normal double stack mags (Beretta FS, CZ 75-01 exc).
RED: large size fits big double stack mags (Sig 320, Glock, Witness/Tanfoglio large frame exc).
GREEN: .22lr size fits RUGER MK series mags & BROWNING BUCK MARK mags.

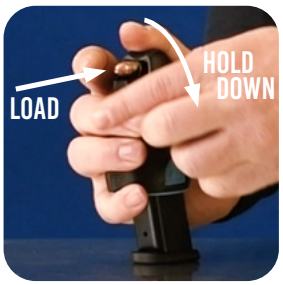

2. Slide the Meg-Loader onto the magazine

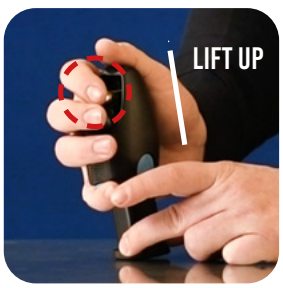

3. Hold the Meg-Loader with your DOMINANT HAND and your thumb on the top

4. Press DOWN the loader on the magazine follower and TURN behind until the stop

5. Holding down the loader, load the first round

6. LIFT UP vertically keeping your finger in front of the round

7. Lift up totally over the round and then TURN forward until the stop

8. Press DOWN the loader on the round and TURN behind until the stop

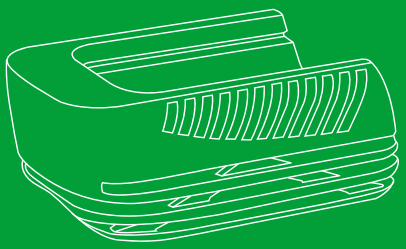

9. Hold down the loader, load another round. REPEAT all the operations untill the magazine is completely loaded

DPS FLOORPLATE

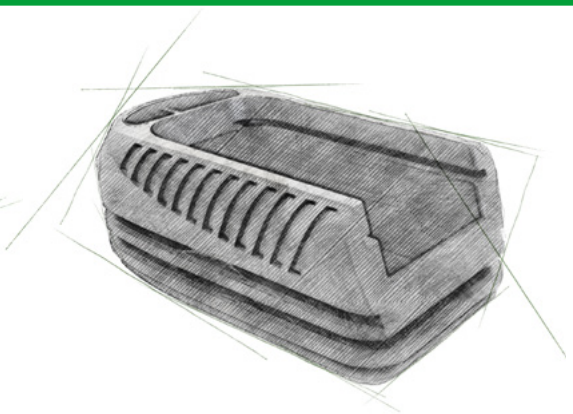

DROP PROTECTION SYSTEM

Mec-Gar IFS+ – Innovations For Shooters is the ultimate mix of advanced upgrade parts straight from Mec-Gar's R&D Department.
Our DPS floorplates are manufactured from durable poly carbonate. Grooves
and angling on sides allow for better handling during magazine changes and reduces the shock to the magazine when dropped.

CARRY +2 ROUNDS · BETTER HANDLING · ANTI SHOCK

PROUDLY DESIGNED & MADE IN ITALY
PATENT PENDING
